**Solid Innovation Releases Wireless Credit Card Settlement at Customer Sites**

*Credit card processing at remote customer sites, made possible through PPI PayMover, is the newest feature to be added to Solid Innovation products including Si Route Accounting and Si Mobile Sales for Microsoft Dynamics GP.*

**Prince Albert, Canada** – February 5, 2007 – Solid Innovation®, Inc. ([www.Solid-Innovation.com](http://www.Solid-Innovation.com)), a leading provider of high quality mobile route accounting software with integrated back-office accounting solutions for the Direct Store Delivery (DSD) and wholesale distribution industries, and Payment Processing®, Inc. ([www.paypros.com](http://www.paypros.com)), the worldwide leader in integrated payment processing, today announce the release of Si Credit Card Settlement. Si Credit Card Settlement, made possible through PPI PayMover from Payment Processing, Inc., is available for Si Route Accounting and Si Mobile Sales. It is designed for distributors who have customers that pay by credit card and want to receive payment at remote customer sites. Adding to a variety of payment options, Si Credit Card Settlement will help distributors reduce A/R by giving their customers another instant payment method.

Solid Innovation CEO Craig Fisher states, “Distribution companies with route accounting requirements want a reliable, easy-to-use mobile sales system that allows their customers to pay for product at time of delivery, so they don’t have to bill their customers and have outstanding A/R. Si Credit Card Settlement is the tool that makes that happen.” Based on demand and positive reviews from Solid Innovation clients, Solid Innovation expects its new feature to provide an excellent solution for distributors wanting to reduce A/R.

Easy-to-use, Si Credit Card Settlement boasts a convenient way for customers to pay their distributors with no additional training. Fisher explains, “Any client currently using our software will find processing credit cards a snap. In addition, Solid Innovation clients will find it is reliable and safe, measuring up to the same high standard found in all Solid Innovation software.”

With Si Credit Card Settlement and PPI PayMover from Payment Processing, Inc., distributors can expect to receive a comprehensive solution, including:

- A safe, secure payment method.
- End-to-end integrated credit card processing to handle transactions seamlessly and reliably.
- Unlimited 24/7/365 “Answer-the-Phone” free technical and administrative support for all payment transaction issues provided by Payment Processing, Inc.
- Easy installation, up and running in minutes.
- Reduced A/R.

### **About Solid Innovation, Inc**

Solid Innovation, Inc., a Microsoft Certified Partner, is an industry specialist in route accounting. It is a leading provider of route accounting, mobile sales, wireless order entry, sales force automation, and integrated back-office solutions for the distribution industry, including candy, tobacco, food service, convenience store supply, and others. Since 1986, Solid Innovation has combined its industry and product expertise to innovate and deliver high quality DSD route accounting solutions. In 1999, Solid Innovation introduced Si Route Accounting, its 3rd generation mobile and office business system, specifically designed to smoothly integrate DSD mobile sales, pre-sell, inventory management, system wide pricing, warehouse operations, accounting, and management reporting. In 2002, Solid Innovation made Si Mobile Sales available for integration to other accounting systems including MS Dynamics GP (Great Plains) and QuickBooks. Today, Solid Innovation is proud to release Si Credit Card Settlement with the same high standards.
